

## fallen again

now I am fallen  
detached from my dreams  
knocked down and broken  
for reasons unknown.

fallen again  
struck down from above  
a thunderbolt thrown  
from the father god's hand.

the tower falls  
when the lightning strikes  
strength turns to weakness  
in a flash.

the trap is sprung  
the door slams shut  
a sharp sudden wind  
blows out the flame.

what is security  
what is hope  
what does it mean to be safe.

a slip of the foot  
and the climber slides  
down the mountainside  
all the way down  
from the sky to the bottom.

I saw the sky  
but it was a tease  
I thought I was flying  
but I was falling.

am I unlucky  
am I damned  
am I doomed  
to keep falling and falling.
